Lovers of the mountains and the great outdoors, go with your family to explore the kingdom of lakes and wolves in the Mercantour. An escapade in the middle of nature guaranteeing you a mountain of emotions!

DAY 1

Rendez-vous in the heart of a national park for a rare encounter with a mythical animal: the wolf. Immerse yourself in the life of a pack, discover their home, learn to recognize their footprints and participate in various workshops to learn more about this species.

Hungry for wolves? At noon, take refuge in a cozy mountain atmosphere to savor typical homemade specialties of the region and admire the breathtaking view of the mountains. An exceptional and tasty experience.

In the afternoon, join your perched cabin for an immersive experience in the middle of nature. You will have a front row seat to watch the forest fall asleep and observe the starry sky. But first, let yourself be tempted by a game of trout fishing with the local fishermen. Discover active fishing on the river course, or relax by the lake while practicing classic fishing.

In the evening, enjoy your unusual cabin. The trout fishermen will be able to cook and taste the fruit of their catch. For the others, free choice of the dish you will cook.

DAY 2

In the morning, after breakfast, a new adventure awaits you.

Set off on the trails of the Mercantour accompanied by a big-eared companion, a donkey. Nice and friendly, he is the happiness of family hikes.
