Gastronomy and Wine

A TASTY GETAWAY

The Var and its sumptuous landscapes, its quality vineyards and its renowned gastronomy are the charming assets that we invite you to discover during this getaway, by car with driver.

You will be driven to the heart of the Var to a local vineyard where, on a private tour of its underground wine cellar dating back to the 12th century, you can taste six Crus Classés.

The second place you will visit will be an estate with an idyllic landscape where you will be initiated, in the middle of the huge garden composing it, to watercolor with a renowned local artist.

Then, you will join your table at the restaurant of the estate, one of the most famous in the Region. You will discover the "Tasting Menu", a meal composed entirely around truffles. An exceptional experience from which you will come back with your head, taste buds but also hands full of unforgettable memories...
