Based on 2 adults*

Roam the rich lands, contemplate the indigenous wild flora and get up close to the great fauna in the wild. This unique holiday, exclusive to Heaven Travel, will plunge you into the heart of a 700-hectare Biological Reserve and more than 500 species of European fauna.

Explore the riches of a natural environment unique in France and SHARE THE DAILY LIFE OF THE RESERVE!

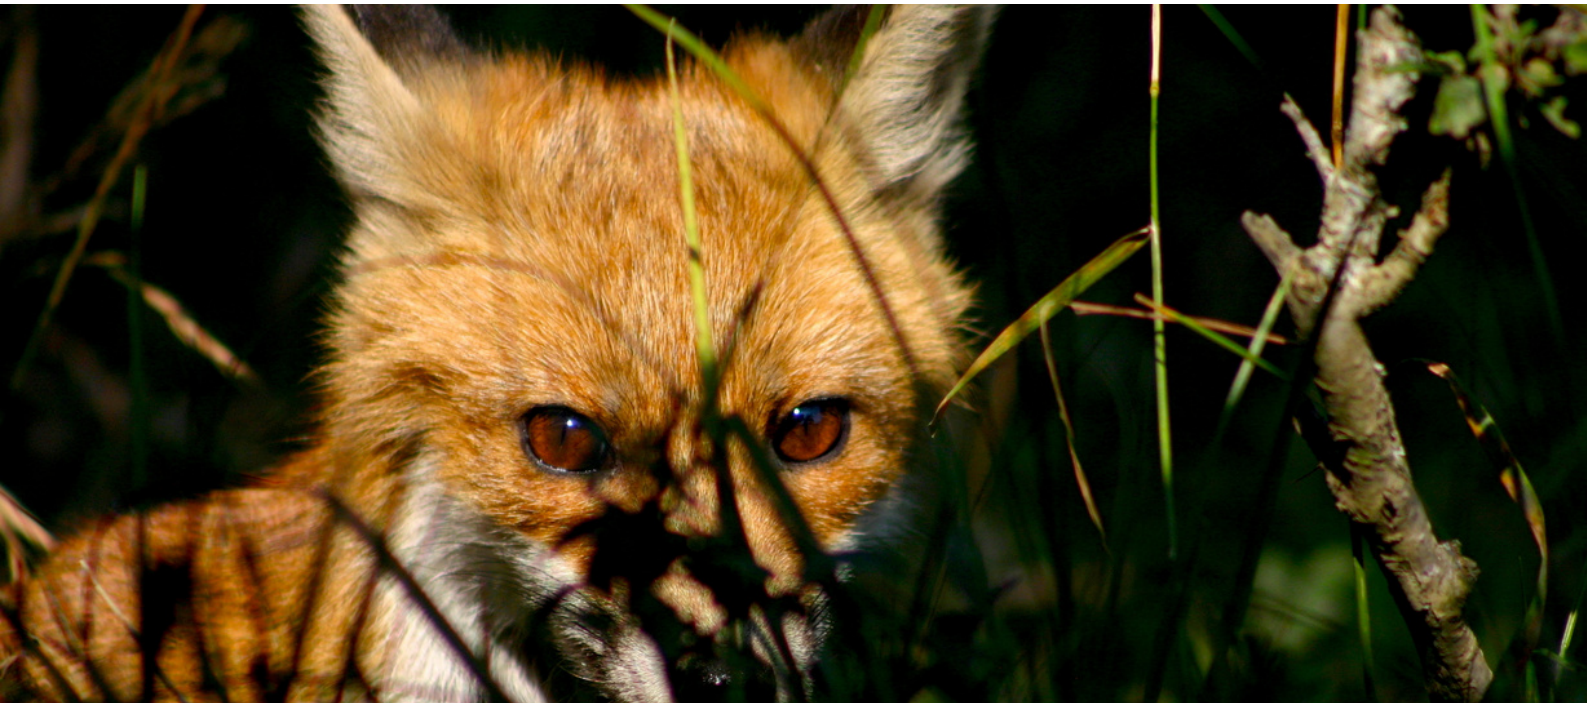

DAY 1

You will arrive in the afternoon and settle into the junior suite of the bioclimatic villa or the ecolodge for the more adventurous.

Take a short stroll through the open-air museum to learn about the evolution of biodiversity from the creation of the Earth to the present day.

This trip is a real plunge into the heart of wildlife, but also a time for sharing and exchanging ideas.

Aperitif and a short 'talk' on the subject of biodiversity or photo preparation (depending on your preferences and the theme of the trip).

Take advantage of the expertise of the site's naturalist guides to approach and photograph wild species. Experience an unprecedented encounter with representatives of the great fauna: bison, wild horses, elk, deer, etc.

Dinner in the restaurant or barbecue in the lodge before going to bed

Enjoy a unique view of the reserve and its wildlife from your terrace. Take time to observe the aerial ballets of swallows and bats or listen to the hooting of the Little Owl.

DAY 2

Around 7am, departure for a guided morning safari to find the animals as they wake up.

Capture magical moments at dawn, in the silence of the wilderness, and spot the wildlife waking up...

On your return to the central esplanade, a breakfast/brunch will be served on the terrace (or indoors if it's winter). You will then be offered a 1-hour Ayurvedic massage for each guest.

In the early afternoon, you will have free time and why not take a siesta around the site's natural swimming pool.

Enjoy refreshments at the open-air snack bar (lemonade) and take stock of the experience with one of the Reserve's guides. If you wish, you can take part in the care of the draught horses: unharnessing, grooming and feeding.

At around 4 p.m., your guide will take you down to the lakes to watch the animals drink. Sit down by the water and enjoy some magical moments.

Dinner at the restaurant. Overnight stay. Take the opportunity to observe the stars. No light pollution, the original sky.

DAY 3

After breakfast, make yourself comfortable aboard a horse-drawn carriage pulled by two sturdy Poitevin or Boulonnais Mulassier draught horses and let yourself be guided to meet the wild and free animals of the Reserve.

Lunch either in the restaurant or in the countryside, depending on the season.
